# About Us

Established in 2013, Arkas Pharma Private Limited is a Hyderabad-based pharmaceutical company with a respectable presence across Southern and Central India. Headquartered in Sainikpuri, Hyderabad, the company has consistently expanded its operations over the past 12 years, adding another firm, Arkas CV Private Limited, within just four years of commencing operations, and demonstrating impressive turnovers. Arkas is now entering international markets under a new vertical, specifically focusing on global imports and exports, Arkas Pharma Impex Private Limited.

With a commanding presence in Telangana, Andhra Pradesh, Chhattisgarh, Madhya Pradesh, Tamil Nadu, Maharashtra, Kerala, and Karnataka, Arkas Pharma serves an extensive network of hospitals, pharmacies, independent doctors, and other healthcare professionals. The company primarily deals in branded pharmaceutical formulations, focusing on therapeutic segments such as Cardiology, Diabetology, Neurology, Injectables, and General Medicine, and is now broadening its portfolio to include Nutraceuticals and Active Pharmaceutical Ingredients (APIs).

# Our Vision

To become a globally respected pharmaceutical company recognized for ethical partnerships, innovative production, and delivery of world-class medicines that aim to improve the quality of life across communities.

# Our Mission

To empower global healthcare access through reliable pharmaceutical production, distribution, seamless international trade, and a commitment to delivering only certified, high-quality formulations, ensuring trust, transparency, and affordability in every transaction.

## Arkas Pharma Impex Private Limited

A Global Extension of Trust,  
Quality, and Care

As Arkas Pharma gears up on its next phase of growth, Arkas Impex Private Limited has now emerged as the group's dedicated vertical for international trade and global partnerships. Fortified through a strong foundation of well over a decade in the domestic pharmaceutical industry, our Impex division reflects Arkas' ambition to serve global healthcare markets with the same values of quality, reliability, and ethical collaboration that define its Indian operations

Our dedicated division for international trade, Arkas Pharma Impex Private Limited focuses on the import and export of high-quality pharmaceutical formulations, injectables, APIs, nutraceuticals, and related products. Through Arkas Pharma Impex Private Limited, the company is poised to:

- Build trade partnerships across Asia, Europe, Africa, the Middle East, and America, and Australia.
- Offer a growing catalogue of over 100 branded products and APIs
- Meet diverse market needs through adaptable sourcing, packaging, and documentation solutions

# Global Strategy

## Arkas Pharma Impex is actively pursuing:

- Distribution partnerships in untapped and under-served markets
- Registration and licensing collaborations with regional agencies
- Export alliances with importers, institutions, and government health initiatives
- Flexible supply chain solutions, tailored packaging, and custom documentation

The division is committed to building long-term, ethical, and mutually rewarding relationships with global partners who share its belief in accessible and trusted healthcare.

His guidance ensures the division's steady and structured growth into global markets.

*Every product we offer carries our promise of precision, quality, and compassionate care.*

# Arkas CV Private Limited

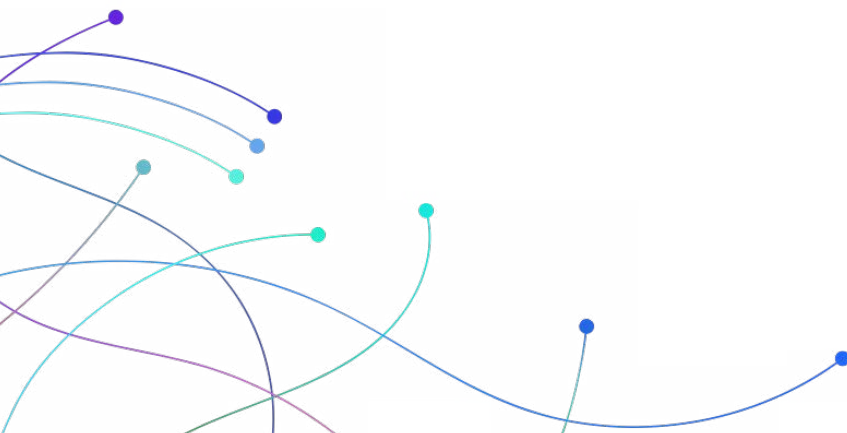

## A Strategic Vertical of the Arkas Pharma Group

As part of its strategic expansion, Arkas Group established Arkas CV Private Limited as its second division, dedicated to deepening its pharmaceutical operations. Launched just four years after the inception of Arkas Pharma, Arkas CV was created to focus mostly on cardiovascular and chronic care segments, offering specialised support in product development, production and distribution, medical outreach, and therapeutic segment development.

This subsidiary complements the core operations of Arkas Pharma by enhancing therapeutic focus and enabling the group to scale its presence in high-demand categories. Arkas CV Private Limited reflects the group's vision of targeted growth, diversification, and sustained excellence across the pharmaceutical value chain.

## Core Business Activities

- Pharmaceutical Development, Production and Distribution of branded pharmaceutical products to hospitals, pharmacies, and clinics across multiple Indian states.
- Import & Export of Formulations Arkas Pharma Impex Private Limited, dedicated to global trade of formulations, injectables, APIs, and nutraceuticals.
- Supply Chain Solutions Warehousing capabilities and a hybrid logistics model involving both in-house and third-party transport solutions to ensure timely delivery.
